

SUNRISE

Words by CLIVE JAMES : music by PETE ATKIN

Sunlight a razzle-dazzle kind of
glamour in the sky No more than just the glimmer of a
star nearby and bright I've seen it turn the tick a
thousand times and send the millions wild with joy whereas for
me it's just a toy that flying horses dragged up
from the sea Sunrise how little thought it takes, how
little time it leaves Not long before she wakes to dress and
then she leaves your eyes For very soon the sun will
come for her and it will carry her from you It's seen too
many men like you to care how soon it chooses
